**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 2 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kato et al. (JP 05219849 A).

Kato et al. teach a flowering plant wherein the flowering plant has a released petal. Kato et al. teach petals are removed from the base of the flower using tweezers hence anticipating a flowering plant with a released petal (Abstract). Examiner notes Claim 2 is a product by process claim, and the product is anticipated by the reference and the method of cultivating the flowering plant does not have patentable weight for a product by process claim (MPEP 2113 [R-1]).

Claim 5 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kato et al. (JP 05219849 A).

Kato et al. teach a cut flower wherein the cut flower has a released petal. Kato et al. teach petals are removed from the base of the flower using tweezers hence anticipating a cut flower with a released petal (Abstract). Examiner notes Claim 5 is a product by process claim, and the product is anticipated by the reference and the method of cultivating the flowering plant does not have patentable weight for a product by process claim (MPEP 2113 [R-1]).

***Allowable Subject Matter***

Claims 1, 4, and 7-18 are allowed.

The following is a statement of reasons for the indication of allowable subject matter: Applicant's amendment and arguments filed June 23, 2010 overcome the rejections for Claims 1 and 4 in the previous Office action dated March 23, 2010. The newly added claims 7-18 depend upon Claims 1 and 4 and are also allowed.

***Response to Arguments***

Applicant's arguments with respect to claims 2 and 5 have been considered but are moot in view of the new ground(s) of rejection.

***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
